

XL CONFERENCE TABLES

WE CREATE TEAMS

DENCON

XL conference tables are Dencons answer to the traditional Scandinavian conferencetable.

Graceful, simple and stylish with many possibilities. From tables that are quite small, to those that are considerably larger, the table can be used in any situation.

An anthracite lacquered support system ensures great stability. Each rectangle ensures full support under each plate. If the table is to be expanded, each new frame / plate can be connected in a - in principle - infinite series.

Veneer

HPL (High Pressure Laminates)

Soft HPL

Linoleum colors

Unique selling points

- Unique edge profile on Dencon tabletops
- Many colour and material options for the tabletop
- Solid oak, untreated or black/white lacquer with a metal frame as a strong and beautiful base solution.
- Adjustable feet
- Danish production of the tabletop
- 10 years warranty and a very high quality
